

# W-Dings Solution

Puzzle: Yannick Yao

Solution: Yannick Yao

Answer: EXPLOIT

The puzzle contains several phrases that refer to certain emojis in Unicode (copied verbatim from the official description). But as clued by the title and the flavortext, these emojis should actually be interpreted as characters in Wingdings font (which uses a mailbox to represent a comma). Doing so and converting them back to a typical font gives the answer **EXPLOIT**.
