

# Coordinated Scavenger Hunt

*Looks like these leaders were up too late trying to collect every card with a cool first or second digit.*

Disclaimer: I recommend using as many people as are available. If you need hints during runaround call 818-209-2151. If all of your members are averse to getting maybe a little dirty, or no one has closed toe shoes, contact hq for an assist. Finally teams which complete this quickly may be given a voucher at a later time. This is not a puzzle.

42.

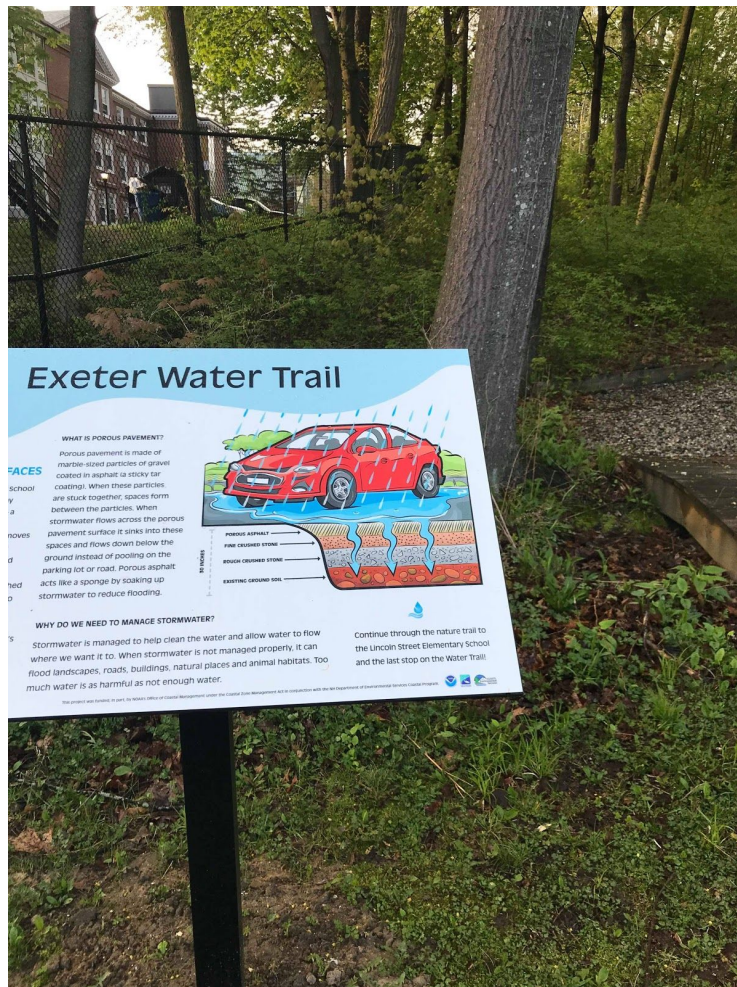

-70.

*Near where naked trunk, cigarettes, and baseball lie  
In the field where trees grow tall  
You must go round back and look up high  
To find the special container, so small*
